Layout	What to Include	PDF Download

Layout to use

US Formats (similar to ASA, Jeppesen, etc.) ⇅

☐ Include Signatures
☐ Use Flight Coloring [?]
○ Smaller ⦿ Normal ○ Larger

Pagination

Note: You can adjust pagination manually below. Click a flight to designate it to be the first flight on a new page; you will see a red top border to indicate that this has been so designated (the red will not print or show in the PDF). Click it again to remove the designation and the flight will resume its position in regular pagination.

Flights per page (approximate)⊕   [11 ⇅]

Row height (lines of text):   [Automatic (fit to data) ⇅]

Force a new page: ⦿ None ○ Start of new month ○ Start of new year

Subtotals

☑ Show column totals
☐ Repeat previous page totals in subtotals for each page
Group subtotals by: [Category / Class and Turbine ⇅]

Make/Model/Variant Display

○ Full (e.g., "C-172 S, Cessna Skyhawk SP")
○ Compact (e.g., "Cessna C-172 S")
⦿ ICAO Only (e.g., "C172")

Choose up to 4 additional columns

(None) ⇅	(None) ⇅
(None) ⇅	(None) ⇅

Separate Properties with

⦿ (Space) ○ , (Comma) ○ ; (Semicolon) ○ (Line break)

Exclude these properties from print view (Click to Show)
